

PLAN FOR RETENTION OF STUDENTS' RECORDS

OVERVIEW OF THE PLAN

Student Records are filed in fireproof cabinets. Student Records are available to students upon individual request. All information held in student's record is confidential. Students have the right to review their education records, to request amendment of records, to consent to disclosures of personally identifiable information and to file complaints with the Department of Education, the Commission for Independent Education and the Council on Occupational Education. The institution keeps a list of the mailing addresses, emails and telephone numbers of the currently enrolled students in the institution.

Final records are: transcripts, copy of diploma awarded, copy of the Enrollment Agreements and a copy of the program curriculum the student followed. An electronic copy is stored in the Cloud.

TRANSCRIPTS

Student transcripts are issued by the departmental office upon the student's request when submitted in writing. An official academic transcript is a copy of a student's permanent record, signed by a school official and imprinted with an official seal of the school.

Official transcripts will be mailed directly to an employer or institution upon request. A transcript will be given to the student at no cost. Currently, the institution charges a fee of \$15.00 per request. As per school policy, the requested transcript may take up to five (5) days to be processed. SABER College reserves the right to withhold transcripts and similar records where students have unmet obligations to the school.

CERTIFICATION OF ENROLLMENT & DEGREES

The PTA, Nursing and ESOL department offices provide oral or written confirmation of registration, enrollment, or degree status. The printed certification can be used whenever enrollment or degree verification is required for car insurance, loan deferments, medical coverage, and so on. After conferral, the degree awarded to a student can be verified by contacting the corresponding office departments, for an official transcript.

REGISTRAR'S OFFICE FILES

The PTA, Nursing and ESOL offices maintain a record for each currently active student in the corresponding programs. At the present time, that file generally contains the student's application to SABER College, high school transcripts or transcripts from other postsecondary schools, enrollment agreement, semester grades, policy confirmations, withdrawal or cancellation information, final transcript, and may also contain various records from the student's activities at SABER College. The Office Admissions keeps records for a year, from applicants who were denied admission.

Any document that contains non-public information about students or applicants — especially sensitive items such as admission applications, grades, or private addresses — should receive special handling when complete record is no longer needed. It should either be shredded or destroyed in a way that maintains its confidentiality.

DEPARTMENT FILES

The Office of Admissions has been advised that any documents in its files relating to a student, and to which the student has waived its rights of access, should be removed from the student's admissions file or discarded to avoid mistaken access following an admissions decision. All departments at SABER College are required to keep complete records of students. Examples of documents to be kept in student files include, and are not limited to, admissions materials, correspondence, warnings, sanctions, disciplinary matters, unsatisfactory progress or dismissal documentation, and all documentation related to financial aid, which shall be kept exclusively in the Office of Financial Aid, except for the Enrollment Agreement which should be kept in the student's file. The Dean of Academic Affairs and Program Directors are ultimately

responsible for making sure all the official student files and records are maintained while active and held in the Cloud when a student graduates.

ELECTRONIC DOCUMENTS AND RECORDS

Electronic documents will be retained as if they were paper documents. Therefore, any electronic files, which fall into one of the document types on the above schedule, will be maintained for the appropriate amount of time.

If a user has sufficient reason to keep an email message, the message should be printed in hard copy and kept in the appropriate file. Backup and recovery methods will be tested on a regular basis.

DOCUMENT DESTRUCTION

SABER College's department directors are ultimately responsible for the ongoing process of identifying records within their department, which have met the required retention period and oversee record's destruction. Destruction of financial, student and personnel related documents will be accomplished by shredding.

Final Records Retention

The ESOL, PTA and Nursing Offices keep for the remainder of the college years the following documents of students that graduate: Enrollment Agreement, SABER College's Transcripts and Diplomas, Entrance Exams scores, High School Diploma and transcripts from other colleges. Documents will be stored on the I Cloud.
